“
We want art that
communicates clear
climate messages.”

“
The artist criticized
our institution
during the project.”

“We need measurable
results from this
cultural initiative.”

The artist didn't
follow the funding
partners intentions.

“
The artwork sparked
debate, but also
upset people.

The funding partner
demands their logo
on the art piece.

“
The creatives don't
communicate the
context = funding
partners,
intermediators etc.

“
The artwork contradicts
proven knowledge and
experience.

“The artwork provokes moral issues like equality, inclusion and generally good values.
